HISTORY AND ANALYSIS

The Capital Region Transportation Planning Agency (CRTPA) annually adopts a Transportation Improvement Program (TIP) to identify those projects in the region that have received state and federal funding. Frequently, the TIP needs to be formally amended to reflect project changes such as the addition or deletion of a project, changes in project funding and changes to project scope.

The FDOT has requested that the CRTPA amend the FY 2010 –FY 2014 Transportation Improvement Program (TIP) to reflect that an Interstate 10 resurfacing project (limits: Apalachicola River to west of SR 12)(Gadsden County) has been revised. Specifically, the project has change from in-house design to consultant design in FY 2010. Project details are as follows:

- Project FM#: 4246191
- Project Description: Resurface Interstate 10 in Gadsden County (from Apalachicola River to west of SR 12).
